ONE DAY STATE LEVEL SEMINAR on "TRENDS IN LIFE SCIENCES 2020"

Friday, 31st January 2020

About Pune District Education Association (PDEA) :

The Trust was established in 1941, much before Independence by Late Shri Baburaoji Gholap with the philosophy of eradicating illiteracy in rural areas of Pune district thereby bringing about social upliftment of the masses. The mission of the trust is "Bahujan Hitay Bahujan Sukhay" and this is being accomplished by the trust through providing quality education. The efforts of the trust have been recognized by the government and society and it was awarded the "Best Educational Institution" by Maharashtra in the year 2000. The trust is spearheaded by Hon. Deputy CM Mr. Ajit Pawar who through his dynamic abilities and vision has brought a facelift in the infrastructure facilities of the schools and colleges of the trust.

About the College :

The College was established in the year 1971 at Hadapsar in the rural part of Pune District. The college efforts are converged towards the edification of the students, faculty and staff in particular and society at large. The college has the state of Art infrastructure and learning resources. The College was awarded with "B" grade by National Assessment and Accreditation Council (NAAC), Bangalore in the year 2018. The college is recipient of the "Best College Award" by Savitribai Phule Pune University in the year 2014.

About the Seminar :

Life science offers an integrated approach to deal with all branches of biology including health care, agriculture and environment through knowledge generation, innovation and advancement of technologies. Advent of life sciences and its applied discipline biotechnology in this direction plays a vital role in research and development aligned with diverse branches of sciences. The seminar offers multidisciplinary forum for life sciences to raise the most challenging issues in current scenario and discuss reduction strategies among scientific community, academicians to share their research finding, technological advancements and new ideas in order to achieve sustainability in diverse facets of life science.
